Possibility Seen For Two Managers And Engineers If Petitions to Amend County Charter Are Successful

Petitions to amend the San Mateo County charter to make the manager and five other county officers elective appeared headed for a court test this week as disclosures were made concerning asserted "discrepancies" in the initiative measures.

First hint that a loophole existed through which the Board of Supervisors might avoid the embarrassing predicament of having an elective executive forced upon them when they have already designated a new manager was made, Monday of this week, by Supervisor James S. James at a publishers' association meeting.

James, giving the newspapermen what he termed a "tip" for a story, said that he believed that some overlapping sections of the charter would not be either specifically or expressly repealed under the proposed amendment. In other words, every section relating to the county executive as an

TANFORAN OPENS NEXT WEEK FOR SPRING MEETING

Training Operations Now In Full Swing At San Bruno Course

Training operations are in full swing at Tanforan for the spring meeting to begin Saturday, March 13.

On account of the Santa Anita meeting being in progress the Tanforan management decided to give the horsemen an opportunity to stay at the track down there until the windup or near the close of the long session in southern California. It is the aim of the Tanforan people to assist in every way possible wherever the racing is on.

The racing strip here, the "pride" of J. W. Marchbank, executive director, has been gradually brought up to the condition that has won the commendation of trainers in previous seasons. Experts say there is no better course anywhere, when it comes to safety and conservation of the physical soundness of the runners.

In order to accommodate the owners of good horses suggestions that come in are acted upon in many instances. Rodney Pantages wrote up, for example, that he would like to have stabling space for the six gallopers owned by the Pantages family in a barn with that of a large string to ship here at the conclusion of the Santa Anita meeting. Later the young man changed his mind and requested a different location, saying

BRIDGE OPENING WILL BROADCAST FAME OF REGION

Completion Of Gigantic Span Will Bring Thousands Of Visitors Here

The Golden Gate Bridge Fiesta as a vehicle for spreading the fame of the San Francisco Bay area was lauded recently by local advertising executives.

It is already evident that the completion of the Golden Gate Bridge will draw an immense throng of visitors to San Francisco and the Redwood Empire. People, the world around, are attracted by an absorbing interest in the mighty span itself and the fiesta that will celebrate it.

For a full week, May 27 to June 2, the spotlight of publicity will be turned on the Golden Gate and surrounding areas. The Fiesta will have a tremendious influence in glorifying the community and spreading its name, its institutions, its shops, hotels and tourist attractions.

Officials of the bridge celebration announce that the Fiesta is a public enterprise and invite co-operation from all local residents in spreading, far and near, news of the span opening.

Ferry Rate Across Gate Is Reduced

The rate for passenger car service between San Francisco and Sausalito on the Southern Pacific Golden Gate Ferries was reduced, Monday of this week, to 50 cents per car. Wallace Ware, president of the California Railroad Commission, made the announcement.

The reduction resulted from informal discussions among members of the railroad commission and representatives of the company, it was disclosed.

The commission is soon to launch an investigation of the operation and rate schedules of all ferry service of the companies now operating in competition with the San Francisco-Oakland Bay Bridge.

BOARD TO CALL ELECTION FOR IMPROVEMENTS

Citizens Are Soon To Have Opportunity Of Voting On Major Civic Projects

City Attorney Convery is now preparing a resolution declaring the intent of the Daly City Council to call a special election at which time local citizens will be given the opportunity of voting for five major civic projects.

The improvements program calls for a new city hall, a new library, the development of the Vista Grande Park, a playground in the Crocker Tract and the extension of the city water system and fire alarm system into the recently annexed Colma area. All of the projects have been outlined in detail in past issues of The Record.

Every phase of the program, declare public spirited citizens, is absolutely necessary for the progressive development of our community. At the present time Daly City finds itself in a particularly advantageous position to make the improvements in view of the fact that federal government grants are available to pay for a large portion of construction costs.

Observers point out that the completion of this civic betterment program will invite new residents to Daly City.

Mayor Paul Selmi told a Record reporter yesterday: "Now that we are well on our way in the program for these long wished for and necessary improvements, I sincerely hope that we shall cast aside personalities and political bias and with a mutual co-operative effort carry these projects to genuine reality."

Five Escape Death In Coast Slide

Five San Francisco men narrowly escaped death, Sunday morning of this week, when tons of rock and earth, loosened by recent rains, thundered down on the Ocean Shore highway near Mussel Rock and partially buried their automobile.

Miraculously, only one of the men in the car, Charles J. Nocipa, 48, 746 San Jose avenue, was injured. He was treated for scalp cuts at Villa sanitarium.

With the others he was able to crawl clear of the landslide, which almost overturned the automobile as it was hurled against a bank.

Only a portion of the slide struck the car. Had the machine gone a few feet ahead it would have been crushed and the occupants probably killed. Nocipa left the hospital after receiving emergency treatment.

That section of the coast road, closed for a month because of numerous slides, had been re opened Saturday night.

The new slide, the largest that has occurred on the road, caused the highway to be closed again indefinitely.

Woman "Fagin" Confesses Guilt

Mrs. Antonio Alcalde, 40-year-old Oakland, Cal., grandmother, who recently pleaded guilty to charges of receiving stolen goods from a family theft ring. Frank Sandoval, 31, whom police allege is the common law husband of Mrs. Alcalde, is serving a sentence of from five years to life for his part in the ring. Frank Alcalde, 17, Mrs. Alcalde's son, is being held at the Juvenile Detention Home. The woman is pictured with her grandson.

CITY MERCHANTS GIVE COUPONS AND LOCAL TRADING PROGRAM SWINGS INTO POPULAR WAVE

On April 17 Crosley Radio, Apex Washer Are To Be Given Away At Drawing—Prizes Now On Display

The trading program sponsored by members of the Daly City Merchants Association swung into a momentous wave of popularity this week as thousands of shoppers obtained coupons with their purchases at local stores and dropped stubs into containers, each with high hopes of being the lukcy winner of a radio or washing machine.

On April 17 a public drawing will be held at the city hall. Stubs will be taken from a container to determine the winner of the "Cathedral Model" Crosley Radio priced at $139.50 and the Apex Washing Machine which is equipped with a pump and double dasher and has a selling price of $89.50.

The prizes are now on display at various local stores.

Members of the Daly City Merchants Association who are giving coupons are Milo's Market, A. M. Harrison, Farmers Meat Market, the Thomas Jefferson Cleaners, Henry Warshawski, Selmi's Hardware, Selmi's Grocery, Daly City Sheet Metal Works, American Shoe Shop, Byrne Radio, Dante Cafe, Your Barber Shop, Domenichinci Shoe Repair, Spring Valley Market, Daly City 5 and 10 Cent Store, Knoll's Grocery, Dean's Service Station, Doyle's Meat Market, Westlake Market, Edwards Drug Store, County Line Market, Meritt Electric, Ed's Grocery, McGraw's Pharmacy, Crocker Grocery, Vireno Wine Vaults, Daly City Second Hand Store and Peters Restaurant.

Divorce Sought By Postmaster

Frank Micheletti, postmaster of Colma, filed suit in the superior court at Redwood City, Monday of this week, for divorce from his bride of less than a year, charging cruelty.

He alleged in his action that his wife, Roselle, on several occasions struck him about the body and face with her fists, that on January 25 last she assaulted him with a knife and threatened his life, and that she urged him to strike her "to give her cause of action for a divorce."

They were married here on October 10, 1936, and separated February 27, this year. Plaintiff is represented by Attorney Harrison W. Cail, county assemblyman.

Livestock Directorate And New Fair Management Reach Agreement

The San Mateo County-San Francisco Grand National Livestock Exposition building will be rushed to completion through co-operation between the new management of the Golden Gate International Exposition and Agricultural District 1-A, it was announced this week.

A virtual agreement has been reached between the fair management and the livestock directorate for completion of the $3,500,000 project in this county near Bayshore City, it was revealed by an agricultural district spokesman in San Francisco.

COMPLETION THREATENED

Previously, the attitude of fair leaders had threatened to prevent completion of the livestock exposition building program, injuring the opportunity of this area to assume leadership of the livestock industry on the Pacific coast and threatening to take to the state fair grounds at Sacramento the livestock features of the 1939 fair, the spokesman said.

Since appointment of the new executive committee of the Golden

California Vehicle Dept. Swamped

The exact number of automobiles registered in California will not be computed until March 31. Since license renewals were started the state department of motor vehicles has been swamped with work.

Sixty clerks are opening the mail postmarked prior to February 5, and there still remains thousands of letters to receive attention. The legal date for registration expired February 4. All registrations since that date will carry a penalty.

"FORGOTTEN" FUNDS ARE USED AND INDICATIONS SHOW THAT COUNTY TAXES ARE TO INCREASE

Rise In Rate Seen Due To Increase In Population Throughout San Mateo

The next tax rate for San Mateo County must inevitabley be higher than the 81 cent basic levy which was effective during the past year.

The reason is that last summer when the present rate was set, "forgotten" funds were utilized. This year, the funds having been used, they will not be available again.

That was the warning sounded by Supervisor Fred E. Beer at a meeting of San Mateo County publishers, Monday evening of this week.

UNDERSTANDING ASKED

At the first gathering of its kind ever held in San Mateo County, in which newspapermen were hosts to the five county supervisors, Beer asked for indulgence of county citizens and for their understanding that the tax levy must of necessity be

FIREMEN BALL TO BE HELD IN COLUMBO HALL

Each Member Of The Local Department Pledges To Sell Ten Tickets

The Daly Fire Department will hold its annual ball for the Widows and Orphans Association, Saturday evening, May 8, at Colombo Hall. This decision was made at the regular meeting of the firemen, Monday evening of this week.

Each member of the department is pledged to sell ten tickets. Daly City residents and friends are invited to purchase tickets and attend the ball.

Chief Chesney announced that the board of trustees of the association had selected committees to function in the sponsorship of the affair. The Record will soon publish a listing of these committees.

Last year three firemen passed away, and a total of $1500 was paid to families of the deceased.

Completes Thirty Years In Senate

Senator William E. Borah

Completing his thirtieth consecutive year in the United States Senate, Senator William E. Borah, "the Lone Wolf" from Idaho, declared he is willing to serve 30 more years. Now in his sixth consecutive term, Borah's senatorial service began in 1907. Senator Borah, in the thirty years of his service, has been not only one of the most outstanding figures in the Senate but also one of the most active on the floor.

TRUSTEES AND COUNCIL HOLD HEALTH SESSION

Since 1927 Public Schools Have Carried On Yearly Program Of Immunization

Members of the Daly City Council, trustees of the Jefferson School District and the local health officer met, Thursday evening of last week, to discuss the public health program of the city council and its relation to the public schools.

Among those present at the meeting were Mayor Paul Selmi, Councilmen E. Cavagnero, H. Sundermann and J. Fahey, School Trustees G. R. Augustien and William J. Sweeney, District Superintendent of Schools R. L. Crane Jr., Health Officer Dr. Shaghoian and Public Nurse Mrs. Lohr.

The meeting brought out many facts concerning health in the public elementary school of the Jefferson School District. The public schools have carried on a yearly program of immunization since 1927 for both diphtheria and smallpox.

In the past seven years not one child in the public schools has suffered from diphtheria. The public schools were first in this district to employ a registered nurse on a yearly basis to aid in the health program.

HEALTH PROGRAM

The public school health program goes far beyond immunization and

LAW MAKERS IN SESSION AGAIN AT SACRAMENTO

Several Democrats Occupy First Day In Circulating Petitions To Support New Supreme Court Move

After a five week recess, the California legislature went into session again, Monday of this week, to elbow its way through a stack of 4000 bills which deal with nearly every subject known to lawmakers.

Both houses were called to order early in the afternoon following a morning of hand shaking and desk clearing. Several Democrats busied themselves circulating petitions in support of the proposal of President Roosevelt to enlarge the Supreme Court. Reports stated that some 30 legislators signed the petitions and more supporters are expected to join the ranks.

BILLS TO LAWS

If this session runs true to average, 2800 of the 4000 proposed bills will be defeated or allowed to die in committees. Both houses will pass approximately 1200 acts, but probably less than 800 will become laws, since the governor is expected to veto some 200.

Lloyd Pan, the champion California bred performer, had to have a stall as far as possible from the bustle and noise of nearby San Bruno. Accordingly a change was made in the Pantages allotment.

Interest in the Tanforan opening apparently is greater than at any other time in its history. Nominations for stakes are already being received at the office, according to official announcement.

Mark T. Cox III, has entered the well known San Luis Rey and Sir Ridgway in the Inaugural Handicap, a dash of six furlongs.

George Clark, owner of the Rosedale Stable, has made a reservation of sixteen stalls for the meeting. He has raced for many years on the Pacific Coast, making it a practice, when Tijuana was on, to spend the winter in southern California. His Lake View is a son of the well remembered Henrietta Wildair, a remarkably fleet and consistent mare.

Quite a number of the Clark runners are by Masked Marvel II, which A. K. Macomber brought over from France. The McKinley stallion was at the Clark haras in Kentucky for some years.

CANNERY RAISE

Executives of the California Processors and Growers, Inc. announced, Monday of this week, that substantial wage boosts for 150,000 cannery workers in northern California would become effective immediately.

The raise will put an additional $4,000,000 per year in pay envelopes.

Legion Auxiliary Plans Whist Party

On Wednesday of this week Daly City Unit 410, American Legion Auxiliary, met in regular session in their hall on San Diego avenue.

Plans are well under way for the big whist party which will be held on April 29. The sewing group are busy preparing many pairs of pillow cases for prizes. Mrs. Catherine Foreman, Alice Reilly, and Lottie Chapman were appointed as a sponsoring committee.

The annual past presidents and commanders dinner will be held in Legion Hall on March 20. On the same evening the seventh anniversary of the institution of Daly City Post and Unit will be celebrated.

Party Honors Child On First Birthday

At the home of Mr. and Mrs. C. Schellenberg of Brunswick street a gay birthday party, given on Wednesday of last week, honored dainty little Esther Schellenberg on the occasion of her first birthday. The honor guest was the reciepant of many beautiful gifts.

Among those present were June Felsch, Lois, Wanda, and Ina Mae Sadler, Mr. and Mrs. Theodore Stein and son Raymond, Mrs. Auguste Schaverda, Katie Sadler, Ethel Wood, Agnes Felsch, and Frederikka Duffner.

the San Mateo County Red Cross, thanking the department for its donation for eastern flood relief. Last month the department voted to sacrifice its annual banquet and donated the entire entertainment fund to flood victims. At the meeting Monday evening a check in the amount of $90, the sum of the entertainment fund so donated, was presented to the firemen, through the generosity of a Daly City citizen, in appreciation of their unselfish gesture.

Assistant Chief Bodien illustrated on the blackboard improvements which are being made on the water mains on San Jose avenue in order to give greater fire fighting efficiency. Assistant Chief Hanson gave a lecture on fire fighting education.

Birthday Party

Miss Alma Harper of San Diego avenue was the honored guest, Friday evening of last week, at a birthday party given by Miss Viva Keithley at her home on San Diego avenue.

An evening of dancing and games was enjoyed, followed by dainty refreshments.

The following were present: Miss Alma Harper, Misses Viva and Verle Keithley, Miss Jeanette Barger, Miss Myrtle Gfroerer, Bill Grantham, John Harper, Melvin Hanson and Bill Gfroerer.

Dinner To Honor College President

A dinner to honor Dr. Alexander C. Roberts on his tenth anniversary as president of San Francisco State College will be held at the Women's City Club on April 1.

The affair, under the joint sponsorship of the faculty of the college, alumni association, patrons association, and student body, will be given as a tribute to the man who has been responsible for the steady growth and development of the college.

The keynote of the dinner will be "A State College in a Cosmopolitan City." Since Dr. Roberts has become president of the college it has doubled in enrollment, has become a co-educational institution, has become a liberal arts college with a curriculum commensurate with that status, has acquired a new athletic field and has gained nation wide recognition in sports.

owned tideland oil pools and gambling are outstanding among the subjects to be considered.

Because there is no necessity for levying new taxes or disturbing the present revenue system, this session will show little interest in revenue and taxation issues. There is a possibility that taxes will be reduced, however, for the present setup, if left unchanged, will accumulate a treasury surplus by the end of the 1937-39 biennium.

The most important topic in the social welfare improvement division is an indication that the California old age pension of $35 a month —highest of any state—stood an excellent chance of being increased to $50.

County To Enter Float In Fiesta

Plans for a distinctive modernistic float, to be entered by San Mateo County at the Golden Gate Bridge completion celebration in May, will be presented to the Board of Supervisors shortly for approval, it was announced this week by County Publicity Director William McCarthy.

The float, which will cost approximately $1000, will be entered in the afternoon parade in San Francisco on May 28, and again in the evening on May 30.

Riding on the float will be eight beautiful San Mateo County girls and twelve other beauties will draw the float with silver ribbons. Possibly the contestants in the fiesta queen contest will take part, McCarthy said.

Jefferson Indians Win Second Game

The Jefferson Indians scored their second straight baseball victory of the 1937 season when they defeated Lick-Wilmerding, 13 to 0, last Friday.

Ed Owens and Bill Strassburger handled the pitching assignments for the day and limited Lick to one hit in seven innings. Charles Murray did the catching.

Jefferson will play its next game against Balboa High March 10.

Jaysee And Jeff Players In Drama

San Mateo Junior College players will present Christopher Morley's "Thursday Evening" at the drama festival in Burlingame High School this evening. Jeferson High is also to be represented.

Last year the drama festival was held at San Mateo Jaysee, with five high schools taking part.

CROCKER P. T. A.

The next regular meeting of Crocker P. T. A. will be held in the assembly room of Crocker School, Tuesday of next week. All members are requested to be present. An election of officers for the coming year will be the main order of business.

The nominating committee met at the home of Mrs. Ann Eason, Monday of this week. Those present were Mesdames Ann Eason, chairman; Nell Caine, Rose Watson, Lillian Cavagnaro and Mrs. John Kinsey.

Today an executive board meeting and study circle meets at the home of the president, Mrs. Orvilla D. Pauw. The study circle chairman, Ann Eason, will call her meeting after the lunch hour. All members who are interested in the study group are cordially invited to be present.

Saves Father From Death

Barbara Mitchell, 6

"Come quickly—daddy's dying! I turned off the gas!" This plea from 6 year old Barbara Mitchell brought neighbors to her Los Angeles home. Her father, Cecil M. Mitchell, 33, was found unconscious near a gas heater. Police said the girl's presence of mind saved her father's life.

Traffic Fine Paid After Three Years

After more than three years, the law finally caught up with Primo Mabanag of Sharp Park.

Mabanag had the doubtful honor of being the first motorist cited to appear before former Police Judge Stanley Kelly. That was in August, 1933.

When Mabanag failed to show up, court citations and a warrant were issued. Then the state department of motor vehicles at Sacramento was notified to hold up Mabanag's license plates until he had settled the Burlingame account.

Nothing more was heard of him, as he apparently failed to seek license plates in 1934, 1935 or 1936. This year his application was received in Sacramento. State officials informed him of the speeding charge.

This week he appeared before Police Judge R. L. Stone and paid a $10 fine.

FLEET TOPNOTCHERS COMING TO TANFORAN

By J. W. MARCHBANK

Tanforan racing begins one week from tomorrow. That there will be plenty of "class" among the contenders in the stakes is indicated by the coming of C. S. Howard's Seabiscuit and Major Austin Taylor's Indian Broom and Special Agent. Fans have not forgotten in the short period of six days that Seabiscuit was second in the third running of the Santa Anita Handicap, making a gallant but unsuccessful effort to defeat Rosemont, while Indian Broom finished third and Special Agent fourth in the ten furlong journey down south.

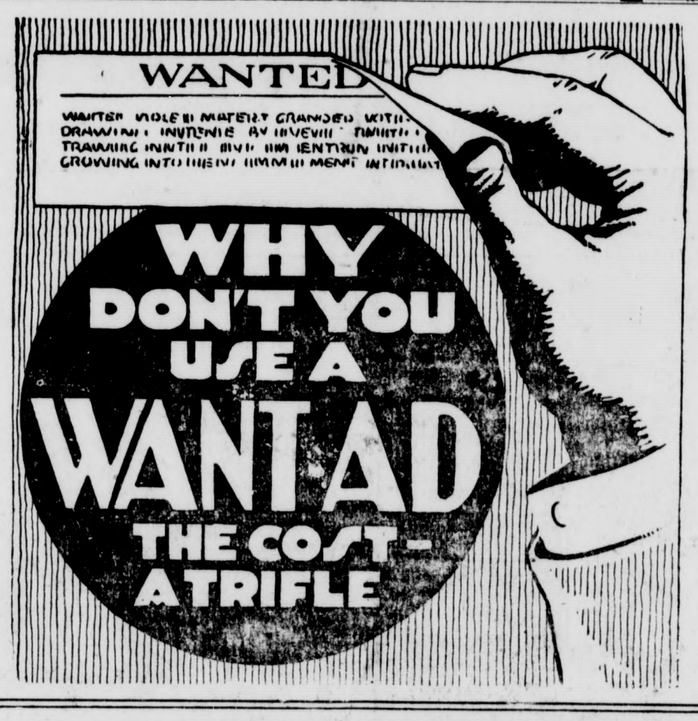
I can't help thinking the difference of one year in age had something to do with the failure of either Seabiscuit or Indian Broom to down the invader. This is pretty early in the year and a five year old has it on a four year old in the matter of strength and endurance usually until summer or fall. Another thing. Seabiscuit was a late foal and, according to the calendar, will really not be four years old until May 23.

Seabiscuit has been improving steadily since being purchased from Ogden Mills by the San Francisco sportsman and may be expected to be at tops for the Tanforan meeting. He won six stakes last year, one more than his Western rival, Indian Broom. It will be recalled that Indian Broom scored in the first running of the Marchbank Handicap at Tanforan last spring. A memorable contest is certain when the two colts hook up on the last day of the San Bruno session, if not sooner.

The poundage is going to have an important bearing on the result of the next battle of the grand four year olds. Indian Broom toted two more pounds than Seabiscuit in the Santa Anita and even a tyro of the game knows one pound, let alone two, has an appreciable effect on a tiring horse in a mile and a quarter race. The Marchbank is at one furlong shorter distance than the Santa Anita. Nine furlongs is an ideal route for the two sterling performers.

Breeding prospects are surely looking up when one considers that in a few years there will be sons and daughters of such highly bred gallopers as Seabiscuit and Indian Broom in the paddocks of California and British Columbia, for it must be figured both Mr. Howard and Major Taylor will retire both colts from the racing "wars" in a year or two.

As is well known, Seabiscuit is a grandson of Man o'War through Hard Tack and, like Indian Broom, has the enduring Ben Brush blood in his veins, as well.



"Here is your party!"

Recent reductions have substantially cut the cost of Long Distance telephone service.

Uniform discount periods for reduced evening and Sunday rates have been placed in effect. Evening and night discount periods now apply from 7 P. M., rather than from 8:30 P. M., to 4:30 A. M. daily—the midnight to 4:30 A. M. discount period having been withdrawn in the interest of good service. These same discount rates are in effect for Sundays and apply from 7 P. M. Saturday to 4:30 A. M. Monday.

It is easier now for far apart friends to keep in close touch. It costs less to do business in distant cities quickly, personally.

For business, for pleasure—use Long Distance frequently!

Proper Gear Mesh

Pinion and ring gears, which drive the rear wheels by action of the rear axles, must mesh properly to insure quiet operation and avoid undue wear.

Gear tooth and bearing wear may be indicated by a humming noise in rear end of the car. These gears should always be replaced in matched pairs. An old gear running against a new one usually causes noise.

LIBERALS FIGHT FOR REVAMPING OF COURTS

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

With the President going on the air in a fireside chat, next Tuesday evening, his battle for an enlarged Supreme Court is taking on the popular tinge that is likely to make the chief executive of the nation victorious over the forces of reaction. He has said all along that the people of the country should rule and in the highly important matter of the reorganization of the federal judiciary he is not varying from his settled mode of procedure.

All thoughtful citizens of liberal tendencies are lined up on the side of President Roosevelt against a judicial usurpation which for more than a generation has enabled the Supreme Court, by a majority decision, to substitute its own view of what is necessary legislation for the view taken by the representatives of the people in Congress.

To put the thing mildly, the political prejudices of the majority of the court have blinded them to the implications of the changed conditions of the times. The court must be reformed and the plan suggested by the President is a highly conservative way of bringing about the reform.

* * *

Under President Roosevelt's plan if any member of any federal court does not retire upon reaching the age of 70 one additional judge will be appointed to that particular court. He suggests that the number of Supreme Court justices might be increased from the present nine to fifteen and that the lesser federal courts might have the number of judges increased in each court by two. Under the proposal six of the present nine justices of the Supreme Court might retire. If they do not retire, the court could be increased to fifteen with a likelihood the new justices would be in step with the humanistic attitude of the President.

The reactionary section of the press of the country is solidly against the proposed reorganization just as it was solidly against Franklin Roosevelt last November. But the voice of the supposedly powerful publications will be impotent to stem the tide. The President has been busily reorganizing the executive branch of the federal government and he is determined upon reorganizing the judicial branch simply because it is the mandate of the people as given to him last November.

The out-of-step attitude of the present members of the Supreme Court has rendered abortive most of the social legislation insisted upon by the President in order to bring the nation out of the chaos into which it had been plunged by previous administrations. They nullified the NRA, the Petroleum Code, the processing taxes of the AAA, the Guffey Coal Act, and even the New York law providing a minimum wage for women laundry workers.

* * *

Who can blame Mr. Roosevelt, returned by the biggest majority in American history, as the fair-minded Manchester Guardian points out, for trying to defeat the enemy that lies in wait for every piece of progressive legislation?

The justices were warned by the President to move with the times, or at least to mkae an effort in that direction, but this becoming hopeless he had to think up a drastic proposal to carry out his popular program. He puts the problem in these words:

"My purpose is to render the judiciary as a whole less static by the constant and systematic addition of new blood."

Liberals rally to the support of the "chief" because they feel it is a wrong principle that the future life of workers should be allowed to hang on the social predictions of a few elderly lawyers.

* * *

President Roosevelt's proposal is truly democratic and constitutional, as it will give the Presidents who come after him a more frequent opportunity to leaven the Supreme Court with men whose views accord with those of the people as expressed at the elections.

* * *

Boiled down realistically the issue is one of democracy versus a possible fascism. And Americans will never submit to a dictatorship that substitutes personal government for law. President Roosevelt is unalterably for law, and not for a class, either, but for all the people.

Married Life Of Theater Couple

A fascinating story of married life of a rather unusual professional couple of the theater, the husband a super-egotist and slightly pixilated in his relations with his star, in this instance a titian beauty, form the background of a rip-roaring comedy that had its San Francisco premiere at the Columbia Theater, Wednesday night, under the title of "A Touch of Brimstone."

The theater was packed to the rafters, as it seems are all first nights of the Federal Theaters productions. The house had been sold out days in advance. Nob Hill, Market street, south of it, and Telegraph Hill were all represented with sizeable quotas. A typical first night gathering in San Francisco.

The play, by Leonore Kaghan and Anita Phillips, deals with a producer whose every desire in life seems to be granted by the simple expedient of pushing a button. Past successes have reacted to this priggish ego as fertilizer to a parasitic plant. So, what else could be expected when the beautiful star, during a momentary abberation aboard ship on the way to London, fell for the blandishments of her big brass hatted boss? It requires the better part of three acts to straighten things out when the devoted and long suffering wife arrives in London. And what a three acts!

TROOP NO. 141

TROOP 141

SCOUT EXECUTIVE TIES KNOT

Dr. James E. West, national chief scout executive, honored the troop by tying a bowline knot to be used in decorating a bulletin board which the scouts recently made. The knot will be given a conspicuous place on the board.

COURT OF HONOR

Thursday of next week has been designated as the date for the next court of honor and tenderfoot investure service.

The four tenderfoot candidates—Richard King, Eldon Przbaroski, Bobby Brandstrom and Allen Rigler—are progressing rapidly in their scout work. It is expected that all of their initial tests will have been passed by next Thursday and that each will be awarded his badge on that date.

CUB PACK NO. 141

The next cub pack meeting will be held on Friday of next week. Several members of the pack will be advanced in rank at that time. Moving pictures will be featured at the meeting and parents and friends are extended a cordial invitation to be guests of the cubs.

Job's Daughters Hold Initiation

On February 26, Bethel No. 26, held initiation and inspection by our deputy, Idabee Smith. Six new girls became members. Many celebrities graced the East on that evening, including Dr. Rae, associate grand guardian; Stella Jensen, supreme marshall; Mabel Bowen, grand treasurer, and Effie Johnstone, deputy grand guardian.

A dinner was announced for March 12 for the benefit of the Educational Fund.

A lovely blanket was given by the Mothers Club for the hope chest, which will be raffled on May 14.

Alaska Village Swept By Flames

The famous Alaska mining town of Douglas is pictured from across Gastineau Sound as flames razed the picturesque Alaskan gold mining town. Volunteers were unable to check the blaze until it had razed almost the entire residential and business districts.

Upward Trend Shown In Calif. Weddings

The month of June, 1936, holds a record for the number of weddings performed in this state, it was announced this week in a report from the California State Department of Public Health.

During the entire year, almost 4000 more marriages were recorded in California than in any previous twelve month period in the history of the state.

Nearly 60,200 couples were married in the state in 1936. The nearest approach to this record was in 1926 when 56,664 weddings were recorded.

Through the depression there was an increase of marriages in rural sections, but a marked falling off of these events in metropolitan areas. Exactly the opposite was recorded for 1936, for the most conspicuous gains occurred in San Francisco, Los Angeles and Alameda Counties. There was also a marked increase in Orange, Kern, Marin and San Mateo Counties.

San Mateo County recorded 911 marriages in 1936 and 816 in 1935.

Hitch-hikers have thumbed their way into the legislative disfavor of almost one third of the states, according to a report issued by the National Highway Users Conference. Fourteen states and the District of Columbia have provisions which prohibit roadside solicitations of rides in motor vehicles.

Local Educator Addresses Exchange

The local Exchange Club observed Old Timers Nite at their regular meeting, Monday evening of this week, at Hollister, California.

Clive M. Saiz, of Daly City, governor of the Fifth District, California State Exchange Clubs, was the speaker of the evening. He chose as his topic: "An American's Heritage."

Saiz urged all in attendance to consider carefully the privilege of citizenship and the responsibilities which it entails.

Manufacture of motor vehicles in the United States last year consumed 23 per cent of the country's steel production.

Lesson Sermon Of Christian Science

"Ye are my witnesses, saith the Lord, and my servant whom I have chosen." These words from Isaiah comprise the Golden Text to be used Sunday, March 7, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Man." Included among the Scriptural selections will be: "Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in his law doth he meditate day and night. And he shall be like a tree planted by the rivers of water, that bringeth forth his fruit in his season; his leaf also shall not wither; and whatsoever he toeth shall prosper" (Ps. 1: 1-3).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "Man, governed by immortal Mind, is always beautiful and grand" (p. 246).

President To Make Radio Address

On the evening of March 9, President Roosevelt will make a nation-wide "fireside" radio talk, it was announced recently. Observers expect that his speech will touch on the judiciary reorganization plan.

The President did not state specifically that his fireside chat would concern his judicial plan. However, the address will be made simultaneously with the opening of the senate judiciary committee public hearings on the proposal.

EXPERIENCED HOUSEWIFE CLUB

(By Maude Larue Ives)

The following is a receipe sent in by one of our charter members, Mrs. Sydney P. White of 420 Irvington street:

LEMON ICE BOX CAKE

Line bottom and sides of a spring form mold or a deep cake pan with lady fingers or sliced angel or sponge cake. Place pieces of cake as close together as possible.

Mix ½ cup sugar with 1 teaspoon cornstarch, 3 slightly beaten egg yolks, 1 cup milk and 1 teaspoon butter. Cook over hot water, stirring constantly until creamy and smooth. Add juice of 1 lemon. Remove from fire and cool. Then fold in 3 stiffly beaten egg whites. Pour some of the mixture into the cake lined pan. On top of this arrange another layer of cake. Repeat until all the filling is used. Chill for 24 hours. Turn out of pan and ice with whipped cream sweetened, colored and flavored to taste.

PEACH SURPRISE

(From The Farmer's Wife)

Moisten 1½ tablespoons gelatin in a little cold water, then dissolve in ½ cup boiling milk. Cool until mixture begins to stiffen, then fold in ½ cup stiffly whipped cream, 2 tablespoons sugar and ½ teaspoon mint flavoring. Fill a canned peach half with this mixture, top with a matching peach half and chill well. Serve with garnish of mint. Serves four.

PEASANT SOUP

(From Mrs. John Kinsey, 463 Irvington street)

1 Cup dried beans.
2 Tablespoons diced salt pork.
1 Medium sized onion sliced.
3 Large cabbage leaves, shredded.
3 Stalks celery, diced.
1 Cup diced raw potatoes.
1 Cup diced carrots.
1 Cup canned tomatoes.
1 Cup broken macaroni.
1 Tablespoon salt.
1 Cup cauliflower, broken into bits.
Dash of paprika.

Any kind of beans may be used. A mixture of navy, lima and pink is good. Soak over night. Drain and add two quarts boiling water. Add pork, onion, cabbage and celery. Cook three hours. Add potatoes, carrots, tomatoes macaroni and seasonings. Cook forty minutes. Add more water if necessary. Add cauliflower and cook fifteen minutes. Serve with hot toasted crackers. Serves eight.

Cost Of License Renewal Is Reduced

Cost of the 1937 motor vehicle license plates renewal was reduced $32,500 by the use of California Highway Patrol offices and the establishment of fourteen temporary branch offices of the Department of Motor Vehicles in Sotuhern California, it was announced this week.

The saving was effected by handling 520,000 plates over the counters of these offices. In 1936 only 270,000 sets were so issued and the additional 250,000 had to be mailed from Sacramento at a cost of sixteen cents per set.

Merchants, in communities not previously served by these counter offices, have enthusiastically endorsed them.

Conservation Week To Be Observed

Mrs. B. C. Clark, president of the California Congress of Parents and Teachers, calls the attention of all the associations in the state to Conservation Week, which will be observed March 7 to 14.

Governor Merriam in a message on the Conservation Week said: "It is of great importance that we use and protect our natural resources, our beautiful forests and other natural flora, our wild life, streams, lakes and seashores, in such a way to protect their value and beauty. We must prevent forest fires, soil erosion and depletion of water resources. Public opinion must be mobilized. It is fitting that the period begin on March 7, the birthday of Luther Burbank, and which is also Bird Conservation and Arbor Day in California, be set aside as conservation week."

Mrs. Clark urges that all districts and associations observe this week in some suitable manner.

Massacre Monument Dedicated

To honor the memory of seven persons who were slain when Indians attacked a stagecoach in the "Wickenburg Massacre" of 1871, this picturesque monument was recently completed and dedicated at the scene of the tragedy. Built of ore from the nearby Apache mine, the monument was constructed on a transcontinental highway near Wickenburg, Ariz., by highway department workers in their spare time.

Co-operation For Fairs Planned

San Francisco and Los Angeles buried the proverbial hatchet last week end and launched a mutual booster program for gala west coast celebrations.

Officials of both cities gathered in the director rooms of the Los Angeles Chamber of Commerce and exchanged pledges to co-ordinate Northern and Southern California in a huge campaign for the 1939 Golden Gate Exposition in San Francisco and the 1942 world fair in Los Angeles.

S. F. DELEGATION

A distinguished delegation of San Francisco officials, led by Mayor Angelo J. Rossi, received a warm greeting from Mayor Frank L. Shaw and the Los Angeles chamber officials.

Governor Frank F. Merriam said he was happy to see the two cities "getting together for the benefit of the entire state."

In his address Mayor Rossi said: "United California for publicizing the two expositions is our goal.

"We have completed two vast engineering projects in the bay of which we are proud. In our world fair, we will point to other achievements in California and in the entire West during the past 15 years.

"You have your fair in 1942 and we have ours in 1939.

"There is no rivalry today; we both want visitors in the West. San Francisco plans to share distribution of its visitors in the entire West.

"With the help of Los Angeles the two fairs will develop a trend of tourist travel in the West that will become a mass movement."

HIGH GEAR FORCING

Hardly any practice is more damaging to an engine than forcing it beyond its capacity in high gear.

Lower gears are provided to relieve the motor of unnecessary strains.

MORE SUPPORT IS PREDICTED FOR PAVILION

Livestock Directorate And New Fair Management Reach Agreement

(Continued from Page 1)

Gate exposition, Friday of last week the management has realized the importance of an international livestock show to the success of the fair and has informally agreed to see that the agricultural district layout is completed.

Now under construction as a PWA project is the covered arena, main portion of the 14-acre plant. The federal agency contributed $199,000 toward the $640,000 unit.

THREE MILLION COST

When the pavilion and other work now under way are finished, about $1,500,000 will have been spent. Cost of completing the entire project then would be about $1,500,000, according to the agricultural district president.

San Francisco and the state each contributed $250,000 from tax funds, and San Mateo County contributed $50,000.

District officials expected the fair interests to see that the plant was completed so it could be used as the supplementary mainland site for the 1939 exposition. They were refused aid, however, and mapped their own campaign for funds, to be matched with federal contributions, for completion of the big project.

HESITANCY SHOWN

They were given to understand, according to San Francisco reports, that contributors to the exposition were unwilling to give again for the livestock exhibition plant. Some said they thought they had contributed to completion of the Visitacion Valley project when they gave to the 1939 exposition fund.

Completion, it was pointed out, will not only give this district the finest livestock exposition plant in the country and enable it to bid for the livestock leadership of eleven western states, but will make possible the holding of polo, horse racing and agricultural features of the 1939 fair on the Peninsula, and assist San Francisco in its competition with nine other cities to obtain the Seventh World Poultry Congress in the fair year.

The poultry congress will require about 20 acres for its exhibits, and with completion of the livestock plant this area is expected to have a good chance to land this huge show.

Architects At Work On Jaysee Program

Architect, of the George W. Kelham organization in charge of the new junior college plans appeared before the board of trustees last week for a conference on the science building, the first structure that will rise on the new campus.

He reported that the building would have 10,000 square feet of surface on each of two floors, a total of 20,000 square feet, and he expected that the cost of construction would go above $130,000. No plans had been prepared. His cost estimate was based on class B construction, with concrete walls and floors.

The trustees stated that they had not more than $90,000 available for the work and they instructed Thompson to obtain figures on other types of construction, steel and class C, and make a report soon.

Trustee Letchfield stated that the new Long Beach Technical High School building was a steel structure and very satisfactory, and it had been reported that this construction was more economical than any other for two-story buildings.

Copies of resolutions annexing the Half Moon Bay and Jefferson High School Districts to the San Mateo Junior College district were received from the county Board of Supervisors.

Mrs. L. G. Owen reported that the Seventeenth District Parent Teacher Association had donated a tree to the junior college.

Cold Affects Oil

Oil becomes chilled and assumes a simi-solid state when the motor has been idle for a time in cold weather.

Until the oil warms up wearing surfaces are not properly coated with lubricant. This is the reason motorists are advised not to race the motor to warm it up.

BOARD AND FIRE COMMISSIONERS IN JOINT MEET

Officials Discuss Procedure In Appointing Men to D. C. Volunteer Department

The Daly City Council, fire commissioners, chiefs of the local volunteer department and their assistants met in a joint meeting at the city hall, Tuesday evening of this week, to discuss Ordinance No. 190, which deals with the appointment of firemen, rules and regulations of the fire department.

Disregarding other suggestions, the council expressed a unanimous opinion that it should proceed to appoint firemen under the current regulation to select them in the chronological time order that applicants file with the city clerk.

"We want," stated Councilman Cavagnaro, "every Daly City citizen who is qualified to feel that he may become a volunteer fireman. From now on we shall keep politics out of the fire department. That is the reason for rigidly observing our rule to appoint men in the time order that their applications are filed."

APRIL MEET

On April 8 the council will again meet with the fire commissioners in order that a thorough understanding concerning appointments may be had and the bodies may function in closer co-operation.

Since 1935 the fire department has functioned under a loose set of regulations which were never adopted. At the April meeting these regulations will be considered in detail, revamped if necessary to conform to city law, and established as rules which shall govern the department.

MINING NOTES OF VARIOUS SECTIONS

So far as comparable figures are obtainable, gold mining operations in British Columbia show a gain in the first six months of this year when compared to similar period in 1935.

The gain would have been considerably greater, but for disastrous fire which destroyed power plant of Cariboo Gold Quartz Company last March and the abnormal amount of development work that has been under way at Pioneer during the period.

Comparisons affecting five of the leading mines show a decrease of $141,680 for two mines and an increase of $445,700 for three, leaving net gain for the six months at $304,020.

No comparable figures are available for Sheep Creek Gold, Kootenay Belle, Yankee Girl, Second Relief, Vidette, Wilcox, Minto, Wayside, Dentonia, Nicola and several other producers, but in almost every case it is believed that, where properties are in the second year of production, fair increases have been shown, with the possible exception of the two companies last mentioned.

Word received from Pilot mine, Gun Lake, by A. B. Wing, managing director, advises crosscut from 103 mark in the winze had reached the main shear at twenty feet westerly from the winze, at a point below contact of shear and No. 3 vein.

Samples from the 2½-foot parallel shear cut at 90 feet are on the way to Vancouver. Fred Bradley, superintendent, also confirmed report that free gold is visible in quartz samples from the small parallel shear.

As memoir No. 190, prepared by H. C. Horwood, the Geological Survey of Canada has recently issued a report upon the geology and mineral deposits at property of B. C. Nickel Mines, near Choate, 105 miles east of Vancouver, in the Yale mining district.

* * *

The fire which destroyed the buildings of both Arlington and Black Rock Gold Mines, Ltd., resulted in very little financial loss to the latter.

This is the second fire in two years. The first caused loss of both buildings and machinery. The fire this week destroyed only buildings of a temporary nature, erected to house a hand-drilling crew of six men.

Plans are under way to finance, at an early date, the installation of machinery to enable more rapid progress towards cutting, at depth, three veins running high in values, disclosed through open cuts at higher levels.

Besides several open cuts and tunnels, over 60 feet of tunnelling by hand-drilling has been accomplished this year.

Directors are: Captain Wm. J. Conway, president; N. G. M. Lougheed, vice president; Athole E. Black, B. C. Grant and Nelson S. Smith.

Hopes Bright For County Fire House

Optimism ran high in Redwood City, early this week, when Bert Werder, county fire warden, announced that on a recent trip to Sacramenta he learned $6,000,000 was available in federal funds for nonprofit construction jobs such as county fire houses.

It has also been suggested that offices for the county agricultural commissioner be included in the proposed garage for fire equipment.

The fire warden pointed out that although splendid accommodations had been made for the agricultural bureau in the new courthouse annex, for which a PWA loan of $2000,000 is now being sought, inclusion of the bureau in the fire department unit might be more efficient.

FUNERAL PAY

For attending the funeral of Giovanni Gatti, 80, a farmer of Tortona, Italy, four hundred families each received a two pound loaf of bread.

In his will Gatti provided that each family represented at his funeral should receive a loaf.

MIDDLEWEST QUAKE

Five middle western states were shaken, Tuesday of this week, by a slight earthquake tremor.

Although no damage was reported, the temblor was strong enough to shake large buildings, sway chairs and rattle pictures and dishes.

SOME QUESTIONS AND ANSWERS

Citing Little Known Matters That Should Prove Of General Interest

(By Maude Larue Ives)

Question: What was the first weeping willow tree known to take root in America?

Answer: A healthy twig brought from England to John Park Custis, step son of George Washington. It was planted at Abington Estate in Virginia. From this tree all the early American Weeping Willows were descended.

Question: What were the outstanding accomplishments of Booker Tallaferro Washington?

Answer: The organization of a normal school for Negroes. From this little school with its thirty members, which originally had its meeting place in an old church, has developed the Tuskegee Normal and Industrial Institute in Alabama, the growth of which was due largely to the earnestness and good sense of its founder. This Negro educator also found time to write the following books: "The Future of the American Negro," "Up from Slavery," "Working With the Hands," "My Larger Education," The Man Fartherest Down," "The Negro in Business" and "Life of Frederick Douglass." Son of a slave and a slave himself, Washington was an impressive public speaker. Harvard conferred the honorary degree of A. M. upon him in 1896, and Dartmouth that of L. L. D. in 1901.

Question: What is the name of the first iron-clad warship in the United States Navy?

Answer: The Monitor. This "cheese box on a raft" was the invention of Captain John Ericsson and was constructed at Greenpoint, L. I., between 1861 and 1862. It was launched by the federal army and met in battle the Merrimac, a Confederate battleship at Hampton Roads. This naval engagement demonstrated the value of armored vessels and put an end to the manufacture of wooden ships of war.

Summons

No. 26609—Dept. No. 1

In the Superior Court of the State of California, in and for the County of San Mateo.

REGINA NANZER, Plaintiff, vs. All persons claiming any interest in, or lien upon, the real property hereinafter described, or any part thereof, Defendants.—Summons.

The people of the State of California:

To all persons claiming an interest in, or lien upon the real property herein described, or any part thereof, Defendants; Greetings:

You are hereby required to appear and answer the complaint of Regina Nanzer, plantiff, filed with the Clerk of the above-entitled Court and County, within three (3) months after the first publication of this Summons, and to set forth what interest or lien, if any, you have in or upon that certain real property, or any part thereof, situated in the County of San Mateo, State of California, and more particularly described as follows, to-wit:

Lot numbered thirteen (13) in block numbered eight (8) as shown on that certain map entitled "New High School Acres, Redwood City, California," filed in the office of the County Recorder of San Mateo County June 25, 1923, in Book 11 of Maps at Pages 36, 37 and 38.

And you are hereby notified that unless you so appear and answer the plaintiff will apply to the Court for the relief demanded in the complaint, to-wit:

That it be adjudged that plaintiff is the owner of said property in fee simple absolute; that plaintiff's title to said property be established and quieted; and that the Court ascertain and determine all estates, rights, titles, interests and claims in and to the said real property and every part thereof, whether the same be legal or equitable, present or future, vested or contingent, or whether the same consist of mortgages or liens of any description; and that plaintiff recovers her costs herein; and for such other and further relief as may be proper in the premises.

Witness my hand and the seal of this Court this 26th day of January, 1937.

(Seal) E. B. HINMAN, Clerk,
By CLAIRE ROBERTS,
Deputy Clerk.

MEMORANDUM

DISCREPANCIES CITED IN MOVE FOR AMENDMENT

Possibility Seen For Two Managers And Engineers If Petitions to Amend County Charter Are Successful

(Continued from page 1)

appointive officer had not been eliminated.

TWO EXECUTIVES?

As an example, one particular part of the charter. Sec. 4 of Art. VI, providing that the "Board of Supervisors shall, subject to the provisions of this charter, appoint . . . the county executive . . ." is not considered in the petitions.

This would create the anomalous situation, it was pointed out, of there being provision for two executives, one elected, one appointed.

Furthermore, it is said, another clause in the petition repeals that portion of Sec. 5 of Art. VI making the engineer office appointive, but it also apparently repeals the latter portion of the section providing for the consolidation of the offices of county engineer and surveyor.

AND TWO ENGINEERS?

Repeal of this latter section would automatically set up the two offices, it is believed. This would result in there having to be both an engineer and surveyor.

Regardless of these possibilities the board must call an election if the petitions bearing the required 3500 verified signatures are presented.

Probable course of possible legal action against the petitions, it was learned, would be the securing by a private citizen of an injunction forbidding the county clerk to verify and check the signatures until the court rules on the legality of the amendment proposals.

High School Cast To Present Play

"Food," a melodramatic tragedy of the future, directed by Mr. William Hoppe will be the Jefferson Union High School's contribution to the Drama Festival to be held at Burlingame High School tomorrow evening at 8 o'clock.

Five other plays will be presented by other schools of our county.

The characters of "Food" are portrayed by Marge Fuchs as Irene, the unfaithful wife; Bob Funge as Basil, her loyal husband; and Harold Schioldager as Harold, Irene's forgotten lover.

This event is sponsored by the peninsula center of the Drama Teachers Association of California. Janice Robison of the Burlingame High School is president.

Coastside Woman Injured By Shot

The victim of an accidental shooting, last week end, Miss Nellie Hall, 41, of Sharp Park, is now on her way to recovery.

It was first thought that the Coastside woman was injured by foul play. However, from a hospital bed, Monday morning, she told deputies from the sheriff's office that she incurred the wound when she knocked over a shotgun with a broom while sweeping in her home and the gun was discharged. The weapon had been standing in a corner, she said.

Though Deputy Sheriffs Emmett Winters and George Krehl, who handled the case, had not questioned him, Herman Herzog, who said he lived at the soft drinks tavern owned by the wounded woman, related that she was known in Sharp Park as "Two Gun Nell," because she always had guns in her house. He said he had returned to the place after fishing and found her lying in the doorway.

Opposition Arises To Road Proposals

Inclusion of the Junipero Serra highway into the state primary road system is opposed by the Central Coast Highway Committee of the State Chamber of Commerce.

San Mateo County delegates who returned from a committee meeting held in Salinas, Sunday of this week, reported that the inclusion of Junipero Serra was opposed in a blanket resolution passed by the Coast Highway officials. This action reaffirmed opposition to any extension of the primary or secondary road systems, execpt to complete obvious gaps. Even then, the committee resolved, approval of the state highway engineers must be a requirement.

Assemblyman Harrison Call's bill proposing lighting of the Bayshore highway through use of gas tax funds was discussed, but no action was taken.

This was one of the few bills affecting state highways and now pending in Sacramento that met with such leniency.

All five members of the San Mateo Board of Supervisors were present at the committee meeting. Planning Advisor Hugh Pomeroy and Planning Technician Ronald Campbell also attended. Roscoe Wyatt, secretary manager of the Redwood City Chamber of Commerce, and J. C. Nowell, city manager of Hillsborough, completed the county delegation.

ENOUGH COUNTIES

While she was teaching school in Chagrin Falls, Geauga County, Ohio, Mrs. Jessie Wolcott lived in Summit County and drew her salary from Portage County.

Pupils from Cuyahoga County attended her classes.

More than 132 miles of monorail and belt conveyor systems are in operation at the Ford Rouge plant.

COUNTY TAXES TO BE HIGHER FOR NEXT YEAR

Rise In Rate Seen Due To Increase In Population Throughout San Mateo

(Continued from Page 1)

higher, though expenses are little if any greater.

The lowest rate in the history of the county was made possible by the use of old funds, including for example the old court house fund held over from 1907, it was explained.

Last year all these funds were lumped together and thrown in to reduce the tax rate.

The "forgotten funds are now gone, and this procedure cannot be repeated.

MUST GO UP

As a result, Beer explained, even if the cost of government should not increase even a dollar over last year, the rate must go up to compensate for the funds found in the controller's office last summer. Some $300,000 of such funds was used, enabling an approximate 30 cent cut in the tax rate over what it would have been without their use.

Beer predicted that even the cost of government would be greater because population, with consequent demands upon the county government, was increasing constantly.

Prospects Good For Poultry Congress

Prospect that the World Poultry Congress of 1939 will be held in San Mateo County as a feature of the Golden Gate Exposition was brightened by a report W. D. Termohlen, chief of the poultry division of the United States Department of Agriculture, made at a meeting of the California poultry interest leaders in San Francisco, Friday of last week.

Success of the efforts to bring the congress here is contingent upon completion of the San Mateo County-San Francisco Grand National Livestock Exposition building.

Termohlen had made a study of the accommodations that could be provided in the livestock pavilion. He found the space adequate to the needs of the world exhibitors and stated that there was good probability that the congress could be brought here.

The international exhibits require at least twenty acres. The present available area at Visitacion is about 14½ acres, but the president of Agricultural District 1-A stated that ten additional acres could be provided in basement accommodations.

Legion Auxiliary Sponsor Essays

Two compositions, written by elementary school children under the sponsorship of the American Legion Auxiliary, were judged recently by Mrs. Mary Crane, Mrs. Grace Hill and Mrs. Alice Reilly. Both first and second places on the compositions, entitled "The Flag of the United States" and "What the Pledge of Allegiance to the Flag Means to Me," were won by students of the Crocker School.

Conchita Morales of the low sixth grade won first place and Joyce Yates of the high fifth grade won second place on the composition entitled "The Flag of the United States."

Bruce Davis of the low eighth grade and Donald Burke of the high sixth grade won first and second places, respectively, on the second judged composition.

Matron Honored By Stork Shower

Mrs. J. Swan and daughter May of Peoria street entertained at a stork shower, Thursday evening of last week, in honor of Mrs. Evelyn Rowe of Brunswick street.

The shower was to have been given Friday evening, January 22, but the stork surprised Mrs. Rowe and delivered a baby that morning, making it necessary to postpone the affair.

After the opening of many useful gifts, cards were enjoyed and dainty refreshments served to fourteen guests.

IN REAL LIFE

Reality robbed the stage of its act in London last week.

Edward Irwin, 69, actor for half a century, collapsed in his dressing room at the Arts Theater Club and died just before the opening of "First Night," in which he was to have played the role of an old man who collapsed and died.

TRUSTEES AND COUNCIL HOLD HEALTH SESSION

Since 1927 Public Schools Have Carried On Yearly Program Of Immunization

(Continued from page 1)

vaccination. Children who are potential or incipient tuberculosis cases are sent to the Preventorium or the Howard Foundation for tubercular children.

Pupils have the free services of an expert oculist for the detection and correction of defective vision. An audiometer check of the hearing of the pupils is made at regular intervals, and extreme cases of poor hearing have been treated at the clinic. A dential clinic was established in the schools of the district and has been maintained for the children who are unable to pay for services of a private dentist.

After an extended meeting the councilmen and trustees adjourned. Both groups expressed the opinion that much was learned concerning the public health problem in the public schools and in the city.
